

16 REASONS TO TRY **ARGI+**

Maintaining optimal cardiovascular function is critically important for long-term health. Everyone – even healthy people – should consider adding ARGI+ to his or her wellness regimen.

- 1. Premier Nitric Oxide Booster:** ARGI+ contains L-arginine, which is essential for the production of nitric oxide (NO). Nitric oxide helps blood vessels relax, is a powerful antioxidant, and acts as a signaling molecule for crucial cellular communication.
- 2. Cardiovascular Support:** Offering wide-ranging cardiovascular support, ARGI+ helps maintain healthy blood pressure and proper circulation.
- 3. Antioxidant Protection:** Nitric oxide is a powerful free radical-fighting compound, and is especially effective because only small amounts are required.
- 4. Brain function:** Increase Nitric Oxide Production via ARGI+ may enhance memory and improve cognitive function.
- 5. “Anti-Aging”:** The ingredients in ARGI+ boost hormone production, which contributes to warding off some of the symptoms of aging.
- 6. Cellular Communication:** Improved communication of messenger cells between nerves and the brain may result from using ARGI+ because of increased Nitric Oxide production.
- 7. Immune Support:** The ingredients in ARGI+ have been shown to enhance the body’s immune function.
- 8. Cellular Health:** Our cells need proper nutrition in order to function properly. ARGI+ provides essential amino acids and vitamins our cells need.
- 9. Sexual Function:** The ingredients in ARGI+ may improve sexual performance in men by supporting optimal blood flow.
- 10. Pulmonary Function:** The L-arginine in ARGI+ may be useful in opening air pathways for easier breathing and optimal pulmonary health.
- 11. Musculoskeletal Benefits:** ARGI+ provides many of the essential nutrients needed by the muscles, cartilage, tendons, ligaments, and joints that make up the musculoskeletal system.
- 12. Skin Health:** Research has shown that L-arginine can accelerate the healing of skin abrasions, burn and wounds.
- 13. Athletic Performance:** The ingredients in ARGI+ are useful in promoting athletic performance due to their ability to boost exercise tolerance, slow oxidative stress and boost pulmonary function.
- 14. Prostate Health:** The ingredients in ARGI+ can help improve the function of the prostate and protect it from oxidative stress.
- 15. Digestive Function:** A healthy digestive system is essential to health and wellness. The ingredients in ARGI+ may help promote digestion and improve regularity.
- 16. Increased Metabolism:** The ingredients in ARGI+ can help Promote weight loss through improved fat and glucose metabolism.

- **ARGI+ was specially formulated** exclusively by Forever Living Products in consultation with **Dr. Ferid Murad, MD,PHD**-1998 Nobel Laureate in Medicine and Physiology, and world renowned for his work with Nitric Oxide signaling pathways.
